JENN Photography offers an environment of acceptance to all our clients. We specialize in unique needs whether sensory, physical, cognitive, medical or mental we focus on abilities. Mission: To provide people with the right photographic images and tools to increase quality of life with authentic visuals. To instill the state of well-being received from combining photography with seeing clearly. To change the way society values photographic visuals personally and professionally.

Vision: JENN Photography Studio & Workshop exists to create an atmosphere of acceptance and provide non-traditional documentary visuals inspiring others to transform and respond to their unique purposes in life. We offer combinations of our imagery, yours, education and industry leading printed products as tools to improve well-being from photographic imagery.

Have you or your family been touched with a unique, special or non-traditional direction in life? We offer therapeutic photographic sessions and workshops custom designed for individuals, families and organizations touched by challenges such as adoption, fostering, divorce, Autism, Down Syndrome, a palliative care diagnosis, cosmetic surgery, Alzheimer's, surrogacy and more. Create custom visuals for yourself, your clients, colleagues and those you love. Contact the studio at 519-641-0100 - initiate the changes you need to enhance well being and quality of life - book your authentic photographic experience now!
